

DESIGN BRIEF

The company name for this website project is Wesley Methodist Church, Kyebi Circuit in the Eastern Region of Ghana. The designer limited herself with colours from the logo thus Blue, Yellow, Red and White. On the index page of the project, the logo of the organization is located at the top left corner with the name of the organization at the top right all on the banner, followed by the navigation bars which starts from About Us, Societies, Organizations, Events, and Contact in that order. The content of the project also starts with a welcome address 'Christ Nti, Yeye Adhye' and tailed by the vision, mission and the annual theme of the organization. Located at the bottom is the footer with copyright text at the centre of it, not forgetting Whatsapp, Facebook, and YouTube social media icons on top right of the footer. On each of the pages, the logos, banner, navigation bars, social media icons and the footer are in a fixed position, only the content changes.

Again, the second page shows the church building on the left and the various branches of the church one can visit or attend when they are in that area in alphabetical order. Also, page three shows images of some organizational groups such as Youth Fellowship, Women's Fellowship, and Susanna Wesley Mission Auxiliary and labeled nicely. On the next page shows some pending activities or programmes to be held in the Dioceses. And lastly, the address of the church is also placed on the left of the page with column left open for congregants and others who want to join or ask questions to do so. Hence, Name of person, E-mail, Subject or purpose and Send button.

The overview of this project is using technology to reach the world, and win souls for Christ in a smart way though there are other competitors on the market. Hosting and maintenance of this project will be for a year.
